"To every thing there is a season, and a time to every purpose under the heaven:

A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted;

A time to kill, and a time to heal; a time to break down, and a time to build up;

A time to weep, and a time to laugh; a time to mourn, and a time to dance;...:

Ecclesiastes 3:1-4

#### In Loving Memory of My Mother Ella Louise Stevenson Jones

Ella Louise "Eloise" Stevenson Jones 16 November 1923 - 14 October 2001

#### **FORWARD**

This information was transcribed from all of the tombstones of Washington County that could be found. Additional information included was found in court house records, Bible records, church records, obituaries, personal knowledge from county residents and from my genealogical files.

In the event that the courthouse dates and tombstones dates differ, both will be included. Spouses, parents and children will accompany the deaths when available. At times only some of the children will be listed if that's all I had on file.

This completed work will be in four separate volumes. Each volume will contain an entire township of Washington County graves.

Following each cemetery, note additional burials for the cemetery through 1997 will be included. This will only contain information from my files. Deaths taken from *Roanoke Beacons* that didn't state where the burial would take place, will not be included.

I'd like to acknowledge special thanks to everyone who helped with this work. My husband, Moody Vance Haskett, certainly gave me his time, understanding and support through this entire project. Stanley West gave me extreme help with the Plymouth area, Ronnie Pritchett, with the Creswell area and Vernon Everett with the Roper area.

Words could never express my appreciation to Shirleyan Phelps for retyping and indexing this cemetery work. I'm so pleased our Volume II is completed to be published.

My mother, Ella Louise Jones, was a charter member of Washington County Genealogical Society. She stood many times as Vance and I visited cemeteries to record information. When we needed to separate books, she was always there to help. We'd line our kitchen, dining, living and bedrooms with pages and with her help, we got the job done. Although I miss her and wish she was here with me, I am happy to know she is surely in Heaven today. She was a kind and loving mother. It gives me great joy to dedicate this volume of cemetery surveys in her memory.

Washington County Genealogical Society again expresses its appreciation to Veronica and Vance Haskett for making this publication possible. It is impossible to tally the countless hours spent visiting gravesites, searching old records and preparing the original copy. The Haskets revisited many gravesites to make photos for inclusion in this work.

Veronica and I spent more hours proofing this work, yet we know without a doubt there are errors. No matter how careful, someone gets missed or incorrectly indexed. Errors happen. We welcome your helpful criticism or additions. It is our intention to include updates, and perhaps more photographs in Volume IV.
